Press release

CMPC has signed a US \$ 13 million agreement to acquire from Grupo Calidra its paper bag manufacturing subsidiary, Samcarsa.

Samcarsa is dedicated to converting paper bags for lime packaging, construction materials, and other products. It has a plant located in Irapuato, Mexico.

The plant has a production capacity of 60 million bags per year and an industrial warehouse of 5,760 m², located on 44,000 m² of land.

Starting today, June 2, 2020, the Samcarsa operation will be integrated into the operations of the Sack Kraft division of CMPC Biopackaging in Mexico.
